

A Family Tradition Since 1950

The late Sabu Shake, Sr. was a hands-on restaurateur who founded the Old Fisherman's Grotto. In addition to his daily trips to procure fresh ingredients from local fisherman, cattlemen and produce farmers, Sabu was master of the kitchen and dining room. He was as enthusiastic in tending to his guests as he was his gardens.

Today, Sabu's sons continue in their father's footsteps, serving innovative, internationally-inspired cuisine in an atmosphere of superb, genuine hospitality. They pride themselves on still serving local, sustainable seafood and fresh produce from nearby Salinas Valley.

Shake family ventures include Fish Hopper restaurants in Monterey and Kona, HI run by Sabu Jr., and Chris, Old Fisherman's Grotto restaurant, Kocomos Fish Market, Austino's Patisserie and Pirate's Cove gift shop run by Chris, Isabella's restaurant run by Tene, Princess Monterey Whale Watching run by Benji and Glass Bottom Boat Tours run by Angelo.

The Shake family of restaurants have received numerous awards for their outstanding food and philanthropic work. They enjoy giving back to the community, supporting over 300 non-profit groups. Their annual Sabu Safari gala event and holiday drive benefiting the Salvation Army has raised over \$800,000 to date. Visit us at www.SabuShakeSr.org to learn more or donate.
